About the School of the Museum of Fine Arts, Boston:

Founded in 1876 and accredited by the National Association of Schools of Art and Design, the School of the Museum of Fine Arts, Boston (SMFA), is one of only three art schools in the country affiliated with a major museum—the Museum of Fine Arts, Boston. Our mission is to provide an education in the fine arts—for undergraduate and graduate artists—that is interdisciplinary and self-directed. This education values cultural, artistic and intellectual diversity; it embraces a wide range of media; it stresses the development of individual vision and its relation to culture in general; it values equally the knowledge gained by thinking and doing; it is deeply engaged with the world as a whole. If the mission is constant, its practice is always transforming. For more information about our programs and partnerships, visit www.smfa.edu.
